

RABIES AWARENESS SEMINARS IN
MUNICIPALITIES/CITIES WITH REPORTED
HIGH INCIDENCE OF DOG BITES

A very important activity being undertaken by the Provincial Veterinary Office in order to generate awareness and create partnership with LGUs in the control and prevention of the highly fatal rabies disease is the conduct of Rabies Awareness Seminars for all Barangay Captains in all Municipalities and Cities in the province.

On January 16, 2017, the Hon. Faustino G. Dy, III, Provincial Governor, issued Executive Order No. 2 – “Directing all Local Chief Executives in the Province of Isabela to strictly enforce the provisions of Republic Act 9482 or “The Anti-Rabies Act of 2007” on dog impounding and field control to eliminate the dangers posed by stray dogs”.

For the months of March to October 2017, the Provincial Veterinary Office had conducted Rabies Awareness Seminars focusing in municipalities and barangays with reported high incidence of dog bites.
