San Andres,  
Aurora,Isabela(car-  
female)**

**Angelito Bajacan-Apiat,  
Aurora,Isabela( female)**

**Leo Ruiz-  
Macatal, Aurora,  
Isabela( female)**

**Erickson Cachola-  
Macatal, Aurora,Isa  
bela(male)**

Hilario Gajultos-  
San Andres, Aurora,  
Isabela ( 2 F & 1 M )

**F1 PRODUCED FROM ARTIFICIAL**

**INSEMINATION OF CATTLE AND CARABAOS**

**UNDER THE DAIRY/BEEF DEVELOPMENT PROGRAM**

**“Wow! This cow is in Standing Heat, it’s time for insemination”**

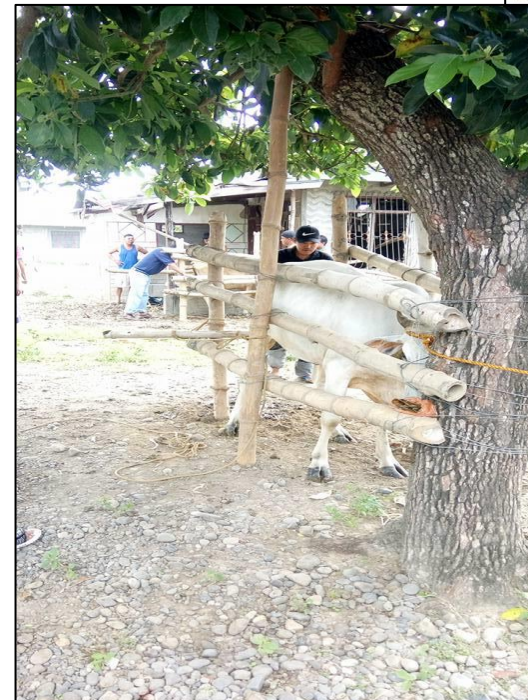

**says Mr. Nick Bulan, the AI Coordinator.**

## **ARTIFICIAL INSEMINATION (AI) OF LARGE ANIMALS**

**The Provincial Veterinary office, in coordination with  
the Department of Agriculture and Philippine  
Carabao Center conduct AI of large animals  
in Dairy Municipalities.**

**Artificial Insemination is the process of depositing spermatozoon in the female genitalia by the use of instruments rather than by natural service. The benefits of AI are 1) extends the usefulness of genetically superior breeds, 2) eliminates the expenses and risks of bulls and 3) facilitates cross breeding.**
