CAUAYAN DISTRICT HOSPITAL
Cauayan City, Isabela

ACCOMPLISHMENT REPORT

For the Period January to December 2024

HOSPITAL PROFILE

The Cauayan District Hospital is a government owned and operated hospital under the leadership of Gov. Rodolfo T. Albano III, Provincial Governor, Isabela. It is a Level I Health facility with an Authorized Bed Capacity (ABC) of 50 beds while it's Actual / Implementing Beds reaches 100 beds.

Cauayan District Hospital is a Philippine Hospital Association member in good standing, PhilHealth (PHIC) and Animal Bite Treatment Center (ABTC) accredited and with Hemodialysis Center.

The institution has been serving as the core-referral hospital previously of District III municipalities and after Cauayan City was reapportioned to District VI, additional municipalities are now being catered to. This does not prevent however, non-member municipalities from bringing in their patients for various health care services.

VISION

In order to be more responsive and effective to the changes and challenges of times and to the constantly increasing demands for affordable healthcare services from our clientele, the Cauayan District Hospital envisions to be operational as One Hundred (100) bed capacity hospital.

MISSION

The Cauayan District Hospital commits itself to continually respond to the healthcare needs of the people of Isabela and adjacent provinces and to provide comprehensive, effective, affordable and acceptable health care services.

License to Operate #.: 02-33-25-H1-1

PHIC Accreditation #: H02 002 066

Noted by:

HERRISON O. ALEJANDRO, MD
Chief of Hospital II

INSTALLATION OF GENERATOR SET AT HEMODIALYSIS CENTER

This is to ensure uninterrupted delivery of quality health service to our dialysis patient.

REPLACED AND REPAIRED HOSPITAL FLOOR

Repaired and replaced tiles in the hospital to ensure the safety, hygiene, and high level of aesthetic appeal, ultimately contributing to the overall well-being of patients, staff, and visitors.

SERVER ROOM

This Server Room is a dedicated space within Cauayan District Hospital building designed to house computer server, networking equipment, and other related technology. For the completion of the implementation of Electronic Medical Records (EMR) System.

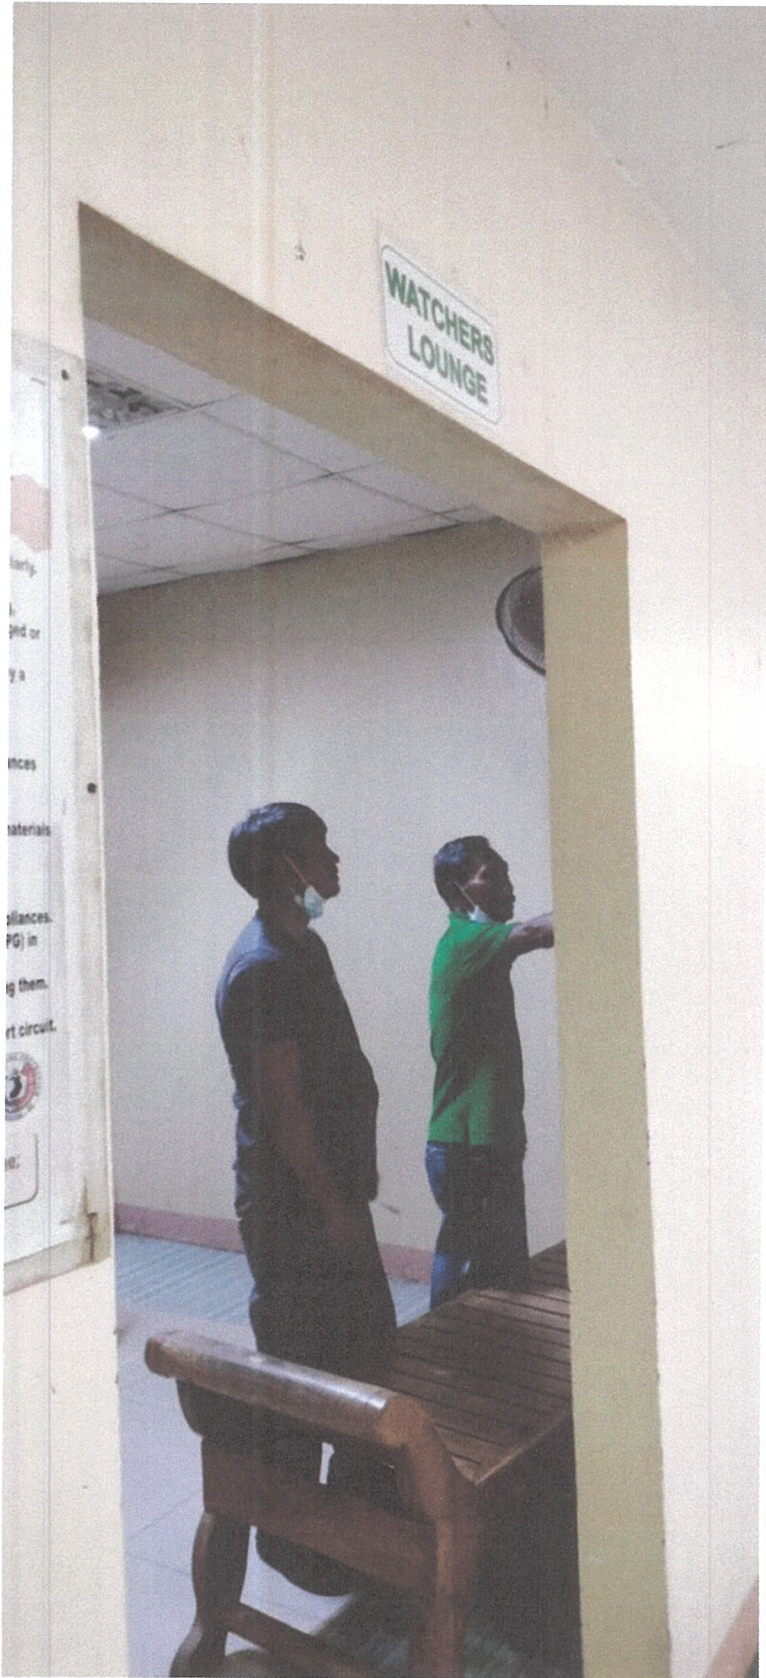

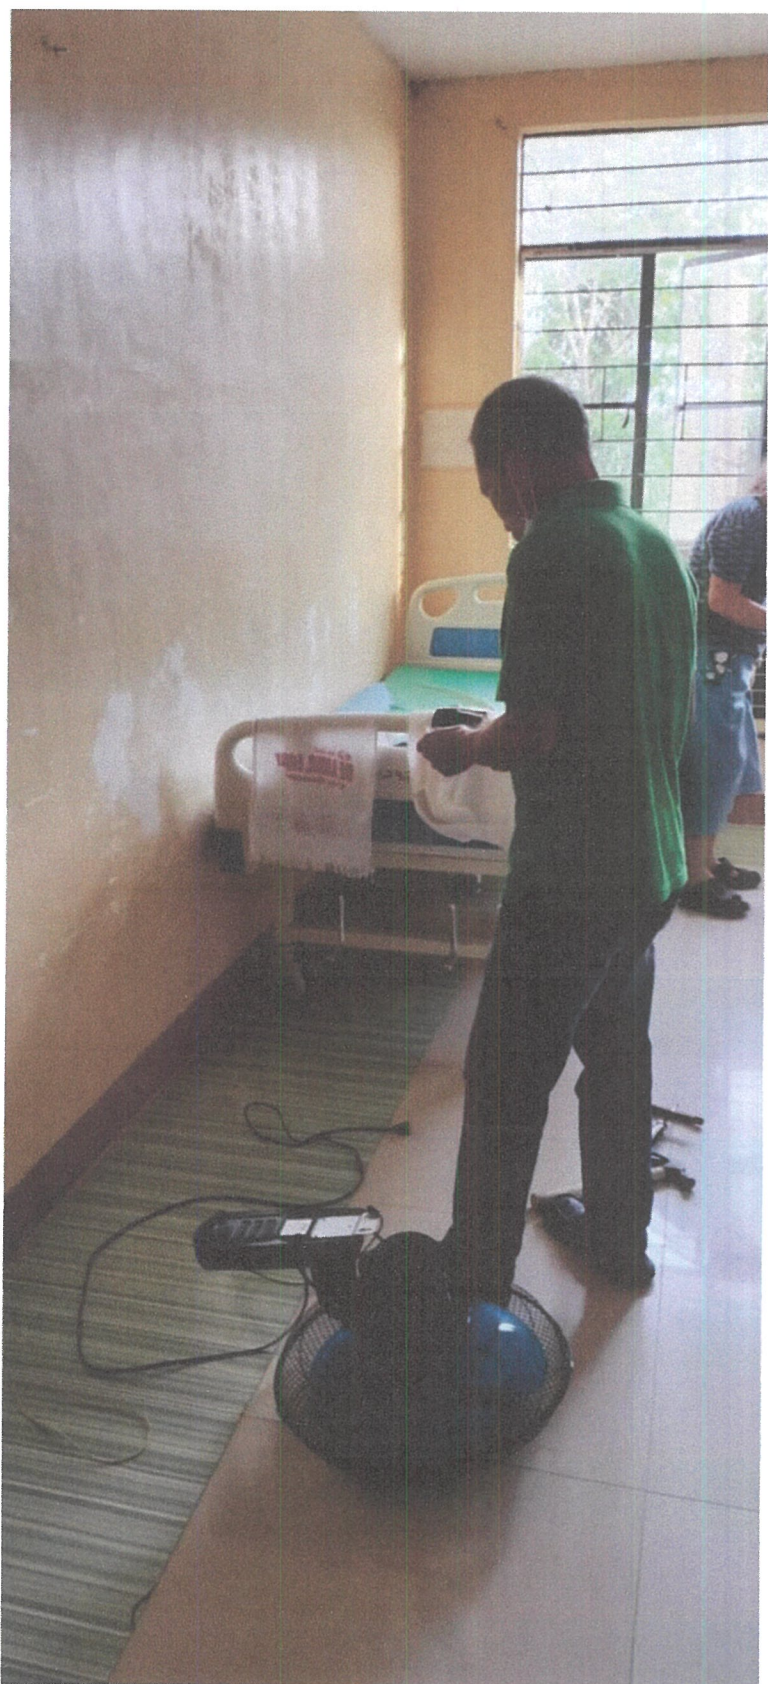

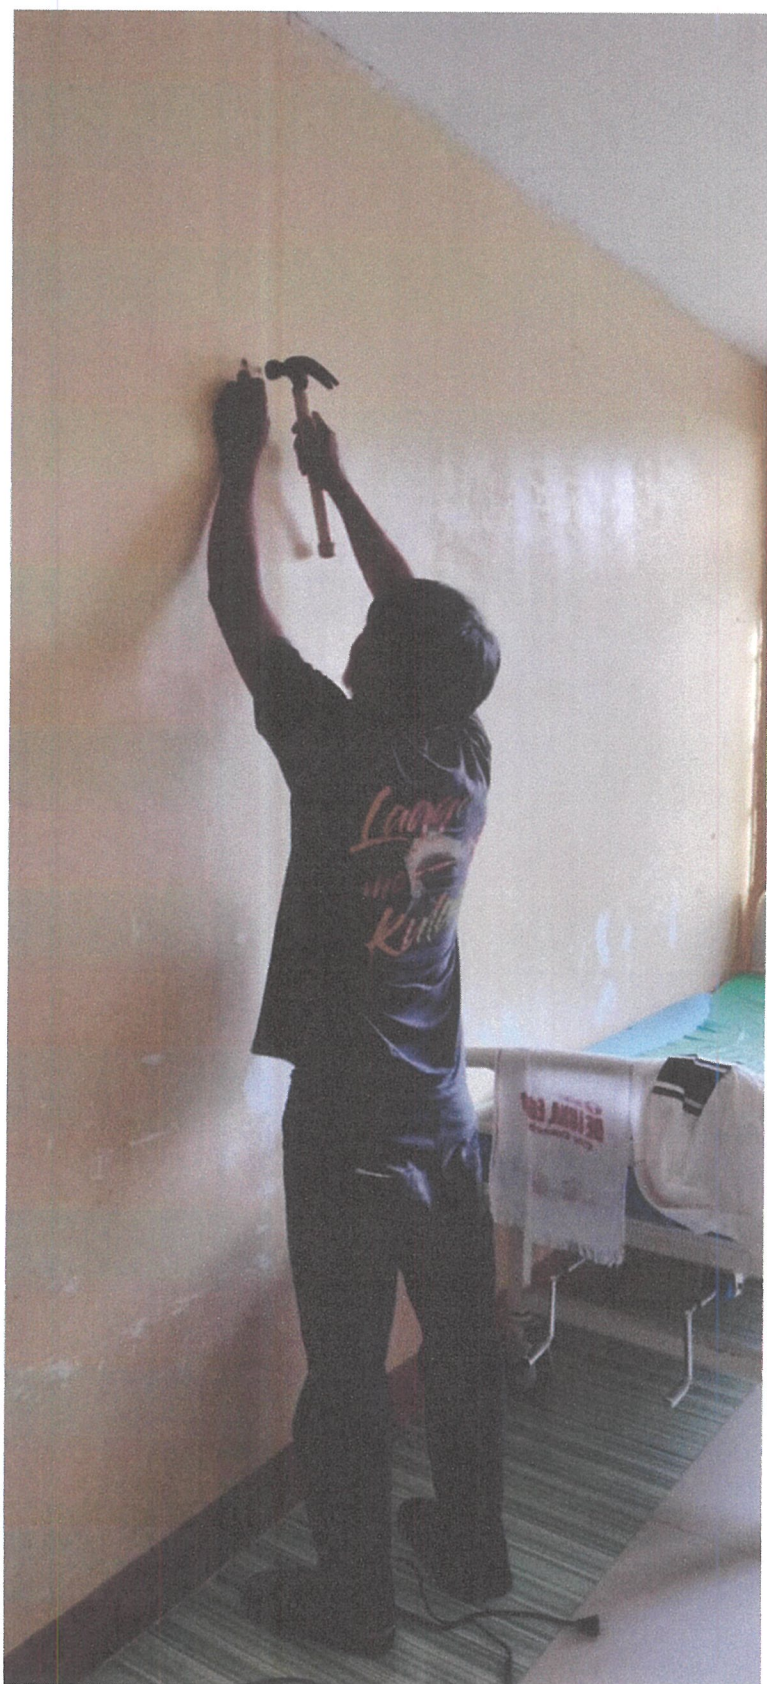

INSTALLATION OF WALL FANS

The installation of wall fans in the hospital maintains a conducive environment for patients, healthcare staff, and visitors.

INSTALLATION OF CURTAIN DIVIDERS AT THE EMERGENCY ROOM

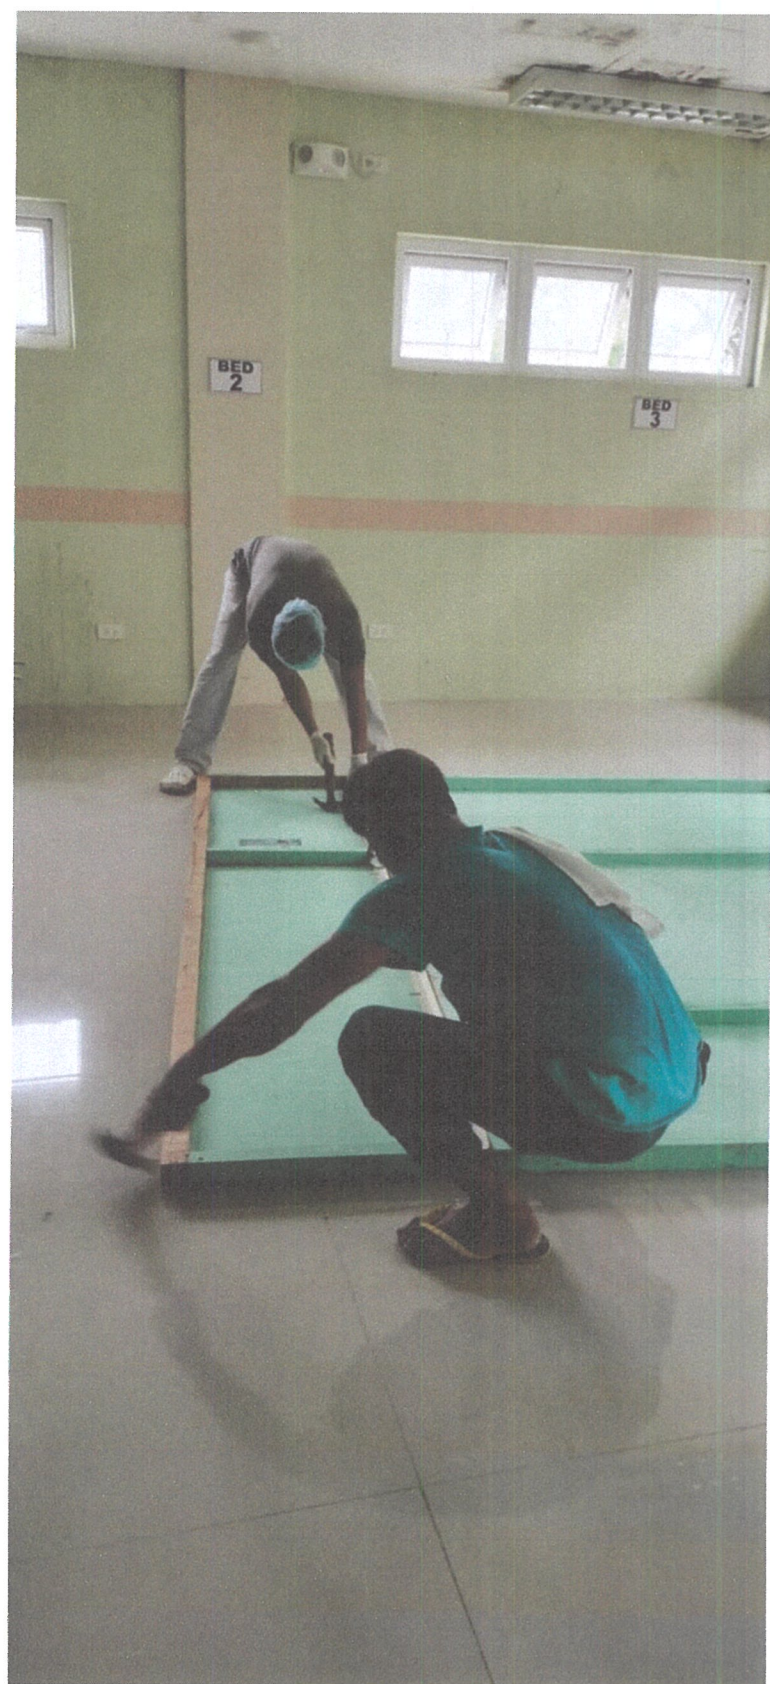

This is to maintain patient privacy, controlling the spread of infections, and improving patient comfort and overall care experience.

INSTALLATION OF DIVIDER AT ISOLATION FACILITY

Isolation dividers help prevent the spread of infectious diseases. By physically separating patients with communicable illnesses from those who are healthy or have other conditions, the risk of transmission is minimized.

Ensuring Adequate Number of Trash Bins

Ensuring the adequate number of trash bins for maintaining cleanliness and environmental sustainability in the hospital facility.

STP CONSTRUCTION

Hospitals generate a large volume of wastewater that may contain pathogens, chemicals, and pharmaceuticals. An on-site STP helps ensure that these contaminants are treated effectively, minimizing the risk of spreading infections within the community.

VALUES DEVELOPMENT SEMINAR

This Values Development Seminar helped the PGI employees explore, identify, and articulate their core values. It also foster our personal growth, enhance teamwork, and improve organizational culture.

HANDOG PAMASKO

Cauayan District Hospital employees expressed their love and care for the patients through this small act of giving and sharing the joy of the holiday season.

PHILHEALTH MONITORING

PhilHealth personnel visited our facility and monitored our compliance to their policies and mandates.

GENERAL MEETING

Conducted a general meeting to discuss concerns and improvements for the overall hospital operation and delivery of quality services.

MEETING WITH THE SECTION HEADS

The objective of this meeting is to bring together the section heads to discuss current projects, address challenges, and align priorities and goals for the next quarter. This meeting aims to foster collaboration, encourage open communication, and ensure that all sections are working towards the same objectives.

DRIVER'S MEETING

Conducted a meeting for hospital ambulance drivers to discuss improvements for the delivery of ambulance services.
